

Let it Glow ((Let it Snow...))

Oh the candles are lit and gleaming  
And we're out on the zoom streaming  
With the 8 candles all lit in a row  
Let It Glow! Let It Glow! Let It Glow!

So we've finished our Hanukkah shopping  
Eating latkes each day without stopping  
With 8 candles lit all in a row  
Let It Glow! Let It Glow! Let It Glow!

When we kiss by the candle light  
No matter the cold or the storm  
It will really be a good night  
Cause the company is so warm!

As the last candle's slowly dying  
And, my dear, we're still goodbying  
We'll remember this Hanukkah so  
Let It Glow! Let It Glow! Let It Glow!
